INTRODUCING BAR NEXUS

With Instagram-worthy cocktails, incredible thick shakes, juicy burgers and loaded tater tots, The Star Sydney's newest bar evokes a sense of fun and nostalgia

Featuring an impressive cocktail menu, craft beers, thick shakes with all the extras, juicy burgers and golden crunchy chicken wings, The Star Sydney's latest venture, **Bar Nexus**, is the ideal place for cocktails before a night out, catching up with friends for lunch, or a cheeky pre-show tippie.

And with a drink and food offering that's sure to delight and surprise, Bar Nexus takes indulgent casual drinking and dining to a whole new level.

To kick things off, the drinks menu at Bar Nexus steals the show with Instagrammable cocktails and signature thick shakes that will please even those without a sweet tooth.

For those looking to take their pre-dinner drinks to the next level, there's a *Popcorn Espresso Martini* with *popcorn vodka, cold drip coffee and coffee liqueur*, a *Peanut Butter & Jelly Old Fashioned* with *peanut butter washed bourbon, strawberry jam and bitters*, and, for a bit of theatre, an *Appletini* with *calvados, pisco, green apple liqueur* comes served with a mist-like bubble encasing the top.

And, for something less alcoholic—but just as fun—there's also a range of signature thick shakes including an *Oreo Biscoff* with *Oreos, Biscoff, vanilla ice cream and chocolate sauce*, the *Kinder Bueno* with a *Kinder Bueno Bar, vanilla ice cream and caramel sauce* and a *Berry Bounty* with *Bounty Bars, vanilla ice cream and strawberry sauce*.

On the food menu there are *spicy chicken winglets* and *fully loaded tater tots covered in cheese with crispy chicken, jalapenos, pickles and green onion*—both perfect for sharing with a group of friends.

There's also a selection of juicy burgers on the menu including the *Take 2* with *double beef patty, cheese, maple bacon, pickles and buttercrunch*, the *Southern Chicken* with *crispy fried chicken, white slaw, pickle and buttermilk ranch* and for vegetarians there's the delicious and hearty *Room for Mushroom* with *hearty mushroom steaks, cheese, caramelised onion and fresh salad*.

Lit up with neon signs, black marble tables and leather booths, Bar Nexus evokes a sense of fun and nostalgia—reminiscent of the good old days hanging out with your mates and having a drink at parties. The great news is, Bar Nexus is now open, and the place to create more memories.
